NOTICE

GDCE Recruitment against Notification No. 01/2023/GDCE – Re-examination of Candidates due to Mismatch in Trade/Examination Group

It is hereby informed that certain candidates who appeared for the CBT for the post of ALP/Technician under the GDCE Recruitment against Notification No. 01/2023/GDCE held on 27.07.2026, 31.07.2026 & 07.08.2026 have represented regarding a mismatch between the Trade/Examination Group actually opted by them in their online application and the Trade/Examination Group reflected during the CBT.

The matter has been examined with reference to the representations received from the candidates and, on verification, certain candidates have been identified as having such mismatch.

Accordingly, the identified candidates will be given an opportunity to indicate whether they are willing to appear for re-examination in the concerned Trade/Examination Group corresponding to their original online application. The information regarding the identified candidates will be communicated to them through SMS and email at the mobile numbers and email addresses provided by them at the time of submission of their application forms.

The candidates concerned are required to submit their consent/willingness for re-examination within the stipulated period through the online mode. A link is being provided for the same. The last date for submission of the consent is 12.11.2026. Candidates who do not submit their consent within the prescribed time shall be treated as not willing to appear for re-examination, and their marks obtained in the examination already appeared for shall be considered for further processing, subject to fulfilment of other applicable conditions.

Candidates who submit their consent and appear for the re-examination shall note that their previous examination shall stand cancelled and shall not be considered for any purpose. The marks obtained in the re-examination alone shall be taken into consideration for further processing.

Further, if a candidate submits consent for re-examination but remains absent from the re-examination, the marks obtained in the previous examination shall also not be considered, and no marks shall be counted for such candidate for the concerned examination.

The candidates are, therefore, advised to exercise their option carefully after understanding the above consequences. Further action regarding re-examination shall be taken strictly on the basis of the consent received from the concerned candidates.

Candidates are advised to regularly visit the official RRC/Northern Railway website for further updates and instructions.
